

**Aldersvennlige lokalsamfunn om vinteren- erfaringsdeling mellom nordiske land**  
*Age-friendly winter cities and communities – sharing Nordic experiences*

**What:** A webinar and digital workshop focused on age-friendly communities and solutions in winter, across the Nordics and NORA-region.

**Who:** [The Centre for an Age-Friendly Norway](#), [Nordic Welfare Centre](#) and [Fabric+](#)

**When:** January 20<sup>th</sup>, 12.00-14.00 CET

The Centre for an Age-Friendly Norway, Nordic Welfare Centre alongside the Fabric+, invite you to a webinar focused on developing age-friendly communities in the North, with a special emphasis on the winter season.

This interactive session will bring together experts and enthusiasts from across the Nordics and Arctic to explore practical solutions and fresh ideas that truly make a difference. Program highlights include:

- *Nordic talks and inspiration:* Experts and practitioners will share knowledge, examples and practical tips for building age-friendly communities in wintery climates.
- *Interactive Workshop designing an age-friendly route:* Take part in a hands-on session focused on designing an ‘age-friendly route’ in a wintery city - to be accessible and safe for all ages —rain, snow, or shine.

This event is perfect for community planners, policymakers, service providers, health personnel, and anyone who’s passionate about making our communities more inclusive for all ages. Please join us to share and learn!
